MARCH 2025 | NEWSLETTER NO.02

Cultural News

The cold still embraces the streets of Austria, Croatia and Slovakia, while winter refuses to give up its throne to spring. However, in the midst of the icy breeze, the warmth of Colombian culture makes itself felt, filling every corner with its vibrant energy. From the Embassy of Colombia in Austria, we send our warmest wishes in these days when the cold still whispers in the air. We would like to share with you some of the activities carried out during the month of February and the cultural expressions that the month of March brings us.

We invite you to be part of every event so that together we can weave a vibrant audience and carry the message that, even on the coldest days, art and culture are a refuge where warmth always dwells.

Our February activities

Migración e Identidad: ¿Ser de aquí y ser de allá?

The Colombian Consulate in Vienna started the year with a discussion aimed at Colombian migrants. Sandra Isabel Restrepo, a Colombian psychologist living in Austria, spoke about migration and its impact on both migrants and their families.

This discussion fulfilled its objective: to generate a space for meeting, exchange of experiences and strengthening of support networks between the Colombian migrant population and the Colombian Consulate in Vienna.

Colombianos en la Residencia:

‘Colombians who are staff members of International Organizations’ Edition
